District 99's Steps in Creating the Discipline Improvement Plan

1-Review of discipline data:

Please go to the ISBE [School Discipline](#) webpage to find district data-level data. Districts/charter schools may also consider any other relevant data, e.g., the district's Illinois Report Card (student and teacher demographics, attendance rates, graduation rates, student mobility rates, academic progress, etc.), Survey of Learning Conditions (5 Essentials Survey or other approved survey) and any other local data.

Community High School District 99 reviewed the following data:

- Suspension and Disproportionate Rate (2015, 2016, 2017, 2022, 2023)
- Out-of-School and In-School Intervention Data (2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023)
- OSS and ISI Suspension Demographics (2022 & 2023)
- PATH Program (2022 & 2023) data
- Illinois School Report Card

2-Synthesize discipline data:

Out-of-School Suspension Rate	District 99 moved to an in-school intervention model during the 2022-2023 school year. Data indicates a 15% reduction in the student count of students with B code violations from 2022 SY to 2023 SY. There was a 0.8% increase in the number of students receiving an in-school intervention from the 2022 SY to the 2023 SY.
Race Data	We continue to show data that non-white students have more B code violations and in-school interventions compared to our white student population.
Gender Data	Male students in D99 receive the majority of in-school interventions

3. Has your district completed implicit bias training as required by PA 100-0014? Have you incorporated the [Diversity Equity and Inclusion Provider Evaluation Tool](#)? If you did, what are your thoughts regarding your current implicit bias training (e.g., effective or ineffective)?

Yes, District 99 has completed implicit bias training as outlined by PA-100-0014. We feel our implicit bias training is effective. It serves as a great reminder of implicit bias, why we need to be aware of it, and its importance as part of the mandated training. In isolation, it is not enough, so we also seek other opportunities through various restorative and equity trainings. District 99 has also used the ISBE Diversity Equity and Inclusion Provider Evaluation Tool to gain insight into our programming and support to students.

4. Potential Action Plan to Reduce the Use of Exclusionary Discipline and/or Racial

Disproportionality: (Goal/Objective, Strategy/Action, Timeframe, Responsible Individual(s), Success Criteria, and Method of Evaluation)

PATH PROGRAM	<p>District 99 initiated the PATH Program in the 2021-2022 school year. Replaced out-of-school suspensions with in-school suspension using our PATH Program model that emphasizes restorative practices.</p> <p>2023-2024 School Year - Dedicated 1.0 FTE at each campus to support the PATH Program.</p>
Data Dashboards	<p>District 99 created custom dashboards to monitor real-time student discipline data. Our Deans, Student Assistance Program, PATH Program Coordinators, and Administration use these custom dashboards. This data will be used to support programming and interventions. These dashboards will allow us to examine trend data by violation type using an equity lens.</p>
AP Liaison Meeting	<p>Monthly liaison meetings with our associate principals for discipline to review discipline data using our custom 5Labs dashboards.</p> <p>Focus on data by race, gender, grade, IEP, EL, FRL</p>
Discipline Improvement Team	<p>Our Discipline Improvement team will meet twice each school year to review our discipline data and the support provided to students. This includes reviewing the tenets of our improvement plan</p>
Restorative/Trauma Practice	<p>Continue to provide restorative training to our staff. This school year (2023-2024), we will engage in restorative training with a consultant and develop a long-range plan.</p>
Bullying, Harassment, Intimidation and Hazing	<p>D99 has provided all students with Bystander training through our Positively North & Mustang Way initiatives (PBIS) during the 2023-2024 SY. This training will continue next year with our liaison and improvement team meetings reviewing bullying and harassment data</p>
Parent-Teacher Advisory Committee	<p>The district will present discipline data to our PTA committee each spring. Input from this committee will help shape our programming and interventions.</p>
Consolidated District Plan & 5Essentials Survey	<p>The District Discipline Improvement Team will collaborate with our Associate Superintendent to provide assessment information, data, and recommendations for the Consolidated District Plan and review the 5Essentials Survey.</p>
