

## **NOTICE TO ALL BUILDING OCCUPANTS**

**To: Building Occupants**  
**Building: Community High School District North High School**  
**From: Community High School District 99**  
**Date: February 27, 2019**

This letter is to notify you than an asbestos abatement project is scheduled to on May 28, 2019 and will involve the removal of asbestos containing building materials (ACBM) in various classrooms and spaces at Community High School District 99 North High School. The project is in two (2) separate phases and is expected to last through July 26, 2019. The location of the specific work areas is on file in the District office.

The project has been designed to meet all applicable regulations and Community High School District 99 requirements by our environmental consultant, Aires Consulting, a division of Gallagher Bassett Services, Inc. The project will be completed by an Illinois Department of Public Health (IDPH) licensed asbestos contractor with workers trained and accredited to perform asbestos abatement in Illinois public schools. In addition, Aires will provide IDPH licensed personnel to monitor the project at all times.

During abatement activities the areas in the building where work is occurring will be isolated and restricted to IDPH licensed personnel. Signage will be posted at the entrances to the restricted work areas. No work will be performed during school hours.

If you should have any questions regarding these projects, please contact:

**Mr. Jim Kolodziej**  
**Director of Physical Plant & Operations**  
**630-795-7141**

Sincerely,

Mr. Jim Kolodziej  
Director of Physical Plant & Operations  
Community High School District 99
